Global Packaging Group SIG Chooses Keepit for Speed, Security, and Simplicity

SIG is the leading systems and solutions provider for aseptic packaging, generating €1.7 billion in revenue and producing 35+ billion carton packs in 2018 alone. While SIG ensures products are delivered efficiently and sustainably, Keepit ensures their business-critical M365 data is secure and easily available 24/7.

We've been using Veeam for on-premise backup, but Keepit is a better fit for our cloud-first strategy.

Jeffrey Chen
Senior Global Microsoft Infrastructure Specialist, SIG

With SIG switching to a cloud-centric infrastructure, Senior Global Microsoft Infrastructure Specialist Jeffrey Chen began looking for a cloud-based backup and recovery solution that would ensure business continuity and guarantee a 99-year data retention period. He settled on Keepit.

Saving Big on Admin Time

With Keepit, SIG safeguards their data in a private, independent cloud guaranteeing fast and easy access – even in the event of data loss. Keepit's intuitive backup and recovery solution provides granular search and restore features that don't require any admin training.

Instead of investing time on costly hardware and infrastructure setup, Keepit frees up time for the SIG IT department to focus on tasks that keep their business running 24/7.

Keepit's user-friendliness is a financial win-win.

Complete M365 Coverage = Complete Peace of Mind

Keepit offers the market's most complete coverage of M365, guaranteeing data availability - always. With ransomware attacks on the rise, SIG needs to ensure downtime is not an issue. Regardless of whether SIG's daily activities happen on MS Teams or SharePoint, Keepit provides a comprehensive backup solution that ensures everyone from Mr. Chen to the legal and finance departments sleep peacefully at night.

keepit®

Keepit has the expertise to support any enterprise with their journey to the cloud, viable, safe storage of essential cloud SaaS data.
